RECEIVED  
MAY 29 2002  
TC 3700 MAIL ROOM

PRELIMINARY AMENDMENT

Dear Sir:

Preliminary to an action on the merits, please amend the above-identified application as follows:

In the Claims

Please add the following new claims 21-26:

21. An embolic coil formed of wire and having a textured surface which, when said embolic coil is implanted in a patient's vasculature, provides improved platelet adhesion compared to a non-textured surface, to promote clotting.
